THE MARCH OF PROGRESS!

OUR LATEST IMPROVEMENTS!

"Competition is the Life of Trade," and if you have not seen our latest improved goods you
cannot imagine how lively trade is, or how hard our competitors have to work to keep within sight of
us according to your needs.

Positively none genuine unless having our name and price stamped plainly on the soles. Your
retailer will supply you with shoes so stamped if you insist upon his doing so; if you do not insist, some
retailers will coax you into buying inferior shoes upon which they make a larger profit.

JAMES MEANS' \$3 SHOE
UNEXCELLED IN

IN DURABILITY
AND
PERFECTION OF FIT.
SEAMLESS \$3 SHOE

JAMES MEANS' \$4 SHOE
CANNOT FAIL
TO SATISFY
THE MOST
FASTIDIOUS
JAMES MEANS' \$4 SHOE

Such has been the recent progress in our branch of industry that we are now able to affirm that the
James Means' \$3 shoe is in every respect equal to our shoes which a few years ago were retailed at about
ten dollars. If you will try on a pair you will be convinced that we do not exaggerate. Ours are the
original \$3 and \$4 shoes, and those who imitate our system of business are unable to compete with us in
quality of factory products. In our lines we are the largest manufacturers in the United States.

One of our traveling salesmen who is now visiting the shoe retailers of the Pacific Coast and Rocky
Mountain Region writes from there as follows:
"I am more than satisfied with the results of my trip. I have thus far succeeded in placing our full
line in the hands of 'A No. 1' dealers in every point. He goes on to say, 'This is a
splendid region for us to sell shoes in, because most of the retailers are charging their customers at
retail about double the prices which the shoes have cost at wholesale. The consequence is that the
people who wear shoes are paying six or seven dollars a pair for shoes which are not worth as much as our
JAMES MEANS' \$3 and \$4 SHOES. Our shoes with their very low retail prices stamped on the
soles of every pair are breaking down the high prices which have hitherto ruled in the retail markets here,
and when a retailer puts a full line of goods in his stock they at once begin to go off like hot cakes, so great
is the demand for them.'

Now, kind reader, just stop and consider what the above signifies so far as you are concerned. It
assures you that if you keep on buying shoes bearing no manufacturer's name or fixed retail price stamped
on the soles, you cannot tell what you are getting and your retailer is probably making you pay double
what your shoes have cost him. Now, can you afford to do this while we are protecting you by stamping
our name and the fixed retail price upon the soles of our shoes before they leave our factory so that you
cannot be made to pay more for your shoes than they are worth?

Shoes from our celebrated factory are sold by wide-awake retailers in all parts of
the country. We will place them easily within your reach in any State or Territory if you will invest one
cent in a retail card.
